

BISMA AMJAD

BSCS STUDENT | FULL STACK DEVELOPER

0300-6611650 bismaamjad379@gmail.com Faisalabad, Pakistan

PROFESSIONAL SUMMARY

BSCS student (5th semester) at Government College University, Faisalabad, with hands-on experience in the MERN Stack (MongoDB, Express.js, React.js, Node.js). Skilled in building responsive web applications and RESTful APIs. Quick learner, collaborative team player, and committed to delivering quality software solutions.

EDUCATION

Bachelor of Science in Computer Science (BSCS)

Feb 2024 – Present

Government College University, Faisalabad — 5th Semester Completed

Intermediate

Superior College, Faisalabad

Matriculation

Kamil Foundation School

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, Node.js

Frameworks/Libraries: React.js, Express.js, MongoDB

Concepts: DOM Manipulation, Responsive Web Design, RESTful API Integration

Other Skills: Problem Solving, Debugging, Cross-Browser Compatibility, Version Control (Git)

PROJECTS

Quiz Application (JavaScript)

GitHub: github.com/bismaamjad558-star/quiz-projects

- Engineered an interactive quiz application from scratch using vanilla JavaScript, HTML, and CSS.
- Implemented dynamic question handling, enabling questions and options to load and update seamlessly without page reload.
- Designed an automatic score-calculation system that tracks correct answers and instantly displays results.

Blog Management System (MongoDB, Express.js, React.js, Node.js)

- Developed a full stack blog management system using the MERN stack with full CRUD functionality.
- Built RESTful APIs with Express.js and Node.js for user authentication and blog post management.
- Designed a responsive React.js frontend with MongoDB as the database for persistent data storage.

Stopwatch Application (JavaScript)

GitHub: github.com/bismaamjad558-star/StopWatch-project

- Built a fully functional stopwatch with start, stop, and reset controls using JavaScript timers.
- Applied DOM manipulation to update the time display in real time with accurate millisecond precision.

Amazon Navbar Clone (HTML, CSS)

- Designed and developed a pixel-accurate, responsive Amazon-style navigation bar.

Basic E-commerce Website (HTML, CSS)

GitHub: github.com/bismaamjad558-star/E-commerce-project

- Built a multi-section e-commerce website layout featuring product listings and category navigation.
- Applied responsive design principles for a consistent, polished experience across all device sizes.

Responsive E-Commerce Website (HTML, CSS, JavaScript)

GitHub: github.com/bismaamjad558-star/reponsive-website-project

- Developed a fully responsive e-commerce website with multiple product listings, images, and a clean user interface.
- Ensured compatibility across mobile, tablet, and desktop screens using responsive design techniques.

CERTIFICATIONS

- Cisco Networking Academy — Networking Basics / Introduction to Networking
- freeCodeCamp — Responsive Web Design
- NAVTTC (National Vocational & Technical Training Commission) — MERN Stack Development

LANGUAGES

- Urdu — Fluent
- English — Intermediate
